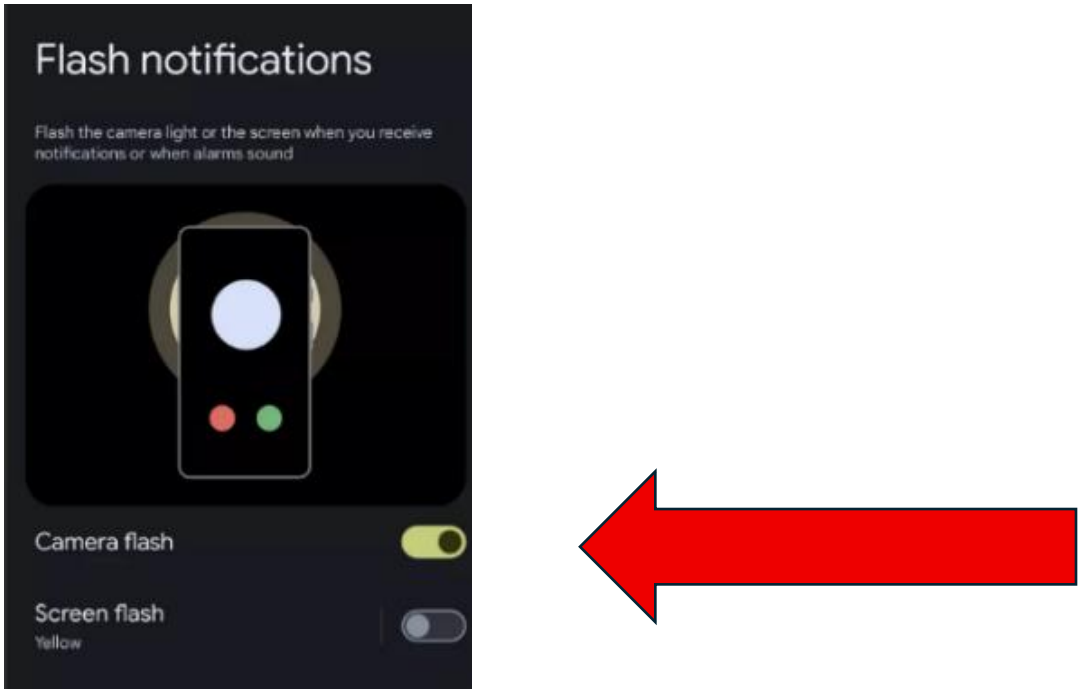
How to Enable a Notification Light - Android

1. Open the **Settings** app.
2. Tap **Accessibility**.
3. Tap **Flash notifications**. On some phones, you'll need to go to **Advanced settings** > **Flash notifications** instead, or **Hearing** > **Flash notifications**.
4. Tap the toggle next to **Camera flash** (called **Camera flash notification** or **Camera light** on some devices). Preview Available



Haptic Alerts (or Vibration) - Android

1. Open **Settings**
2. Tap **Sound & vibration**
3. **Tap Vibration & Haptics**
4. Toggle on Use Vibrations and Haptics or **Vibrate for notifications**
5. Ensure **Do Not Disturb** is not blocking vibrations
